WHY COMPUTACENTER

Computacenter, a provider of first-class IT services for more than 30 years, is a company where people love to work. The reasons are varied: Some people say it's because they feel like they really matter. Others love to work with big-name clients, showing them the way into a digital future. Maybe you're looking for an exceptional community of colleagues you can rely on and leaders who support your growth? At Computacenter, you'll find many reasons to become part of the family.

ABOUT US

Computacenter is a leading independent provider of IT infrastructure services, with about 15,000 employees worldwide and a global revenue of over \$6 Billion. We work at the heart of digitisation, advising organisations on IT strategy, implementing the most appropriate technology and managing our customers' infrastructures.

We offer a friendly, open working environment without too much fuss about hierarchy. We are looking for professionals with diverse competencies, personalities and strengths who want to live our shared value of teamwork and performance.

Interested in joining a company with a strong sense of community?

We're growing. We're hiring. We encourage. We empower. We support. #CCwinningtogether

We look forward to receiving your application on india.careers@computacenter.com
