

## WHY THE RIGHT PC MANAGEMENT TOOLS MATTER?

- Helps reduce overall PC maintenance and administrative costs
- Simplifies remote device management
- Enables efficient patch management and quick patching of security vulnerabilities
- Helps secure your IT ecosystem

## AMD PRO MANAGEABILITY

Do more with less. AMD PRO manageability delivers a robust manageability feature set that simplifies modern IT deployment and management of an ever-growing and changing fleet.

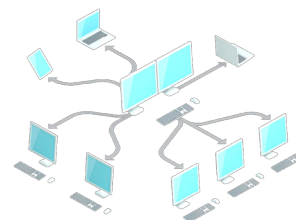

### DEPLOYMENT

### MANAGEMENT

### MODERN IT

### AMD PRO MANAGEABILITY OFFERS THE FOLLOWING BENEFITS TO IT ADMINISTRATORS:

- ✓ Multi-vendor SUPPORTED MANAGEABILITY
- ✓ Seamless Windows® DEPLOYMENT
- ✓ Full support for current infrastructures and modern Enterprise Mobility Management (EMM) solutions

### NEW FEATURES WITH AMD RYZEN™ PRO 6000 SERIES:

- ✓ Wireless support for 32+ widely used Open Standards-Based (DASH) profiles
- ✓ AMD Manageability Processor, a dedicated processor integrated into the CPU for enhanced manageability.<sup>1</sup>

Out-of-box deployment

Seamlessly update from cloud in minutes across a multivendor, distributed environment

Over the air, across most any network, in-band and out-of-band management solutions

Cloud-based, scalable, and reliable app distribution

Remote wipe and reset, repurpose, and redeploy devices to new users
