

# WINNING TOGETHER

Our business is about technology.  
But first of all, it's about people.

## Cloud Architect (AWS/Azure)

We are looking for an ambitious, self-driven Cloud Architect who will be responsible for the design and implementation of fail-safe and scalable cloud environments for our customers. Your experience with platforms such as Microsoft Azure or Amazon Web Services will help you with this.

### Responsibilities

- Working with architects to fit company/business requirements into developed product/service
- Working with the development team to present the design and validate the developed solution
- Preparing epics and user stories for product owners together with solution designs
- Finding issues and proposing solutions/improvements to the existing product/service
- Supporting Hybrid Cloud services with their feature requests and designing a solution fitting into the overall product/service
- Creating and reviewing existing architecture artefacts in a company-wide repository
- Implementation of Proof of Concepts

### Requirements

- Experience with public cloud (AWS/Azure):
  - Security principles
  - IAM
  - Networking
  - Computing
  - Storage
  - Infrastructure as Code
- Experience with networking:
  - INET, NAT GW
  - Routing
  - Firewall
  - Security
- Excellent communication and presentation skills

# WINNING TOGETHER

Our business is about technology.  
But first of all, it's about people.

## About us

Computacenter is a leading independent provider of IT infrastructure services, with about 16,000 employees worldwide and global revenue of £5.05 billion. We work

at the heart of digitization, advising organizations on IT strategy, implementing the most appropriate technology, and managing our customers' infrastructures.

We offer a friendly, open working environment without too much fuss about hierarchy. We are looking for professionals with diverse competencies, personalities, and strengths who want to live our shared values of teamwork and performance.

Interested in joining a company with a strong sense of community?

We're growing. We're hiring. We encourage. We empower. We support.
