

ACCELERATED ENDPOINT AS A SERVICE (AEaaS)

AEaaS is a business transformation service that streamlines end user compute deployments through a blend of automation, logistics and creativity. This efficient process allows new employees to engage in their work and start contributing the day they start. AEaaS can be rapidly deployed anywhere in the world, creating faster monetization of IP, and providing a quicker return on infrastructure investments, all with 24/7 support.

ABOUT COMPUTACENTER

Computacenter is a leading independent technology partner, trusted by large corporate and public sector organizations.
