System Administrator

We are looking for a System Administrator, to be part of a newly created team. You will take care of both Computacenter Romania's infrastructure and of our Computacenter Germany infrastructure, platform, and application by proactively ensuring maintenance, upgrade and management of software, hardware and networks.

Activities

- Proactively observe and identify any issue in regards of the resources in scope
- Perform troubleshooting based on the defined processes and best practices
- Work based on the industry standards (ITIL) by following the implemented processes (Incident Management, Request Management, Problem Management)
- Record the issues in the ITSM (ticketing) tool and dispatch them to the appropriate team
- Create and maintain knowledge base
- Installing and configuring software, hardware and networks
- Setup accounts and workstations
- Ensure security through access controls, backups and firewalls
- Upgrade systems with new releases and models
- Ensuring security and efficiency of IT Infrastructure
- Manage network servers and technology tools

Qualifications

- Very good communication skills
- Detail orientated person
- Strong focus on recognizing issues based on the behaviour of the Infrastructure
- Very good analytical skills
- Be a team player
- Proactivity, involvement, customer & user orientation skills
- Be able to communicate with different teams, stakeholders, and vendors
- Strong German & English language skills, both verbally and written
- Previous ITIL knowledge/understanding is a nice to have, but not mandatory

- VMWare ESXI 7
- VMWare Vcenter
- Cisco ASA
- Dell Hardware
- Icinga/Nagios (Zukunft)
- Backup (BackupExec)
- Antivirus

Windows Infrastructure Skillset
- AD/DNS/DHCP
- FileService (DFS/DFR)
- GPO's
- IIS - Certificates
- ReversePRoxy (Application Request Routing)

About us
Computacenter is a leading independent provider of IT infrastructure services, with about 16,000 employees worldwide and a global revenue of £5.05 billion. We work at the heart of digitisation, advising organisations on IT strategy, implementing the most appropriate technology and managing our customers’ infrastructures.

We offer a friendly, open working environment without too much fuss about hierarchy. We are looking for professionals with diverse competencies, personalities and strengths who want to live our shared value of teamwork and performance.

Interested in joining a company with a strong sense of community?

We’re growing. We’re hiring. We encourage. We empower. We support. #winningtogether
