

WORKFORCE SERVICES

SERVICE BRIEF

Delivering IT talent to enable your digital transformation.

TeraMach Workforce Services specializes in the acquisition and management of highly skilled technical talent, delivering the right resource at the right time.

Business Challenge

Finding the right talent when you need it can be the difference between succeeding and falling behind in digital transformation. TeraMach is focused on providing customized technical solutions to your IT transformation agenda is a success. We understand the need for flexibility to scale your workforce according to project requirements.

Our experienced Workforce Services Team will work with you, providing proactive planning, acquisition, retention and management solutions best suited to your individual business and leveraging our extensive network of consultants and partners

TeraMach Solution

We offer workforce augmentation and on-demand consulting services to address both short- and long-term needs and will work to get you the right talent at the best value for your business.

Contract: Perfect when you require specialized skill sets, or when you are facing an expedited deadline and lack the bandwidth or don't have the budget to hire permanent resources.

Contract to Hire: Ideal for "trying out" a new resource to ensure you have the right fit; also, a good option when your need exists today but the budget to hire is forecasted in the future.
